

CLUB ENERJI SUMMER FUN!

NATURE TRAIL AT SANJAY GANDHI NATIONAL PARK, MUMBAI

Members of Tata Power Club Enerji visited Sanjay Gandhi National Park, Mumbai on 19th May 2012. They spent two hours exploring the area which is rich in flora and fauna, taking in the greenery around them and enjoying their close proximity to nature. These students also learnt about living in harmony with nature and how everything exists in balance in nature.

It was truly a day well spent for these young Club members!
